

SHYLO: A PRESENT FOR YHWH

Map—Land Of Israel and AKD

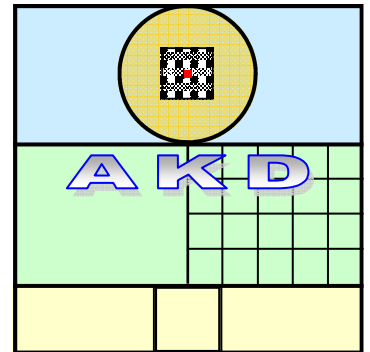

Location of A Kingdom District

CHAPTER

5

A Kingdom District

Ek-kad = AKD = ONE:

Seek guidance . . . Find peace . . .

On Planet Earth

“And the LORD (YHWH) shall be king over all the earth: in that day shall there be one (AKD = Ek-kad) LORD, and his name one (AKD). (Zechariah 14:9 KJV)

Ek-KaD ַקַּד is a Hebrew word spelled AKD , meaning *one* and *united*; and it is a name God, King of the Universe, has chosen for Himself:

Is it any wonder that YHWH asked us to name the 100 SQUARE MILE Land Development Planning Area in the Land of Israel, **A Kingdom District** with its acronym **AKD**?

In the map/drawing on Page 50 we have shown the **Land**

counties or districts each having equal land area. Within the eighth county from the top, between Judah and Benjamin Counties, is a special county, a strip of land we call **A BRANCH County / Sanctuary Subdivision (ABCS District)**. This ABCS County contains AKD, Jerusalem, ETC.

Purpose of AKD

A Kingdom District (AKD) Land Design and Development Project in the Land Of Israel is required to COMPLETE the Kingdom of GOD (YHWH'S) on Earth Development, [PREPARE A PRESENT FOR YHWH](#), and be PREPARED for the coming return of THE LORD OF GLORY, THE MESSIAH, KING OF KINGS, AND LORD OF LORDS and support **A House Of Prayer for Everyone** (HOPE). (See Chapter 8-10.)

Size of AKD

For now it will suffice to say that AKD is a square comprising approximately 100 square miles or 64,000 acres, and the perimeter, which we labeled THE BELTWAY, is almost 40 miles around, i.e. 63.5 Kilometers, or 100,000 cubits. (See Chapter 9.)

Location of AKD

“All the oblation (A PRESENT) shall be five and twenty thousand by five and twenty thousand (25,000 x 25,000 cubits): ye shall offer the holy oblation (A PRESENT) four-square, with the possession of the city. (Ezekiel 48:20 KJV)

On the Survey of Israel map grid, the Northern Border of AKD BELTWAY (See Map on pg. 50) is located on the 635,000 meter grid line. When this grid is converted to cubits, that line is exactly 1,000,000 cubits north from the southern Survey of Israel ‘updated grid’ baseline, as one cubit equals 0.635 meter.

The original *Survey of Israel* maps were 500,000 meters shorter, so this line was originally 135,000 meters, which produced an odd number when converting to cubits. Never-the-less we chose this line as directed by the Holy Spirit, and to our surprise, the Survey grid was changed to make possible 1,000,000 cubits for this line. Who's in charge here?

Chapter 5 —AKD

The North—South centerline of AKD is located on the updated 222,250 meter East Survey of Israel Gridline which is

*And He said to me, "Son of man, this is the place of **My throne** and the place of the soles of My feet, where I will dwell in the midst of the children of Israel forever. Ref. Ezekiel 43:7*

350,000 cubits East of the assumed Western Baseline. For more details on THE BELTWAY and AKD see Chapter 9.
